Hi Stephanie,

Please see the attached comments.

Thank you for the opportunity to review the text. If we need to provide during the DEIS again, that's ok – we understand it is late in the process for BLM.

Subject: RE: SCC Analysis for Willow Project

Hi Stephanie,

Our analysts went through and we've made some comments – before we send them over, can we please have Appendix E.2B, The BLM Energy Substitution Model? (Is it the same from the last round?) It was not in the preliminary SDEIS packet I received. Thanks!

Lauren, I'm sorry this took so long to get back to you. Here's the SCC writeup for the Willow project. Please let me know if there are any major showstoppers in this analysis, otherwise please feel free to submit comments on this during the draft comment period.
